## Complimentary on board spending money.

Travelling with Cunard offers a unique experience, and the best way for your customers to enjoy all that our three ships have to offer is by booking the Cunard Fare.

This fare offers your customers flexibility, priority choice of dining and stateroom, as well as additional rewards. On cruises of seven nights or more, your Cunard Fare customers also have the choice of one additional benefit:

- ◆ On board spending money (amount dependent on cruise duration and in some instances on the stateroom grade they choose)
- ◆ Car parking in Southampton
- ◆ Return coach travel to Southampton
- ◆ Airport car parking (depending on the cruise).

Of all our promotional offers, the most popular choice is on board spending money. There are many ways for your customers to enjoy their on board spending money and enjoy the luxuries both on board and ashore.

## Did you know?

The on board spending money will be added to your customer's on board account and purchases are deducted from this.

On board spending money can be used in the bars, speciality dining restaurants, shops, art and photo gallery and towards shore excursions, internet packages, gifts and little luxuries.

We operate a cashless system on board – guests simply have to register a credit card at embarkation and show their cruise card to make purchases on board.

## Activities on board.

Days on board a Cunard Queen offer an abundance of possibilities. With a day pass to the spa, customers can enjoy spa pools, thermal suites, hydrotherapy baths and whirlpools.
